2015 NET PROFIT INCOME TAX FORM 27 INSTRUCTION BOOKLET

Filing Requirements

Every corporation, partnership, trust, or estate whether a resident or non-resident that conducts business in a RITA municipality must file a return and pay tax on the net profit. A disregarded entity or qualifying subchapter S subsidiary for federal income tax purposes is not considered the "taxpayer" under Ohio law. Instead, the "taxpayer" includes any other person who owns the disregarded entity or qualifying subchapter S subsidiary.

When to File

Generally, a business must file its income tax return on or before the fifteenth (15th) day of the fourth (4th) month following the end of the taxpayer's taxable year.

☐☐☐: **Calendar year end filers due April 18, 2016.**

Where to File

Forms may be mailed with payment to: RITA, P.O. Box 94582, Cleveland, OH 44101-4582, without payment to: RITA, P.O. Box 89475, Cleveland, OH 44101-6475, or delivered to the office of the Regional Income Tax Agency.

When a return is Not Required

Nonprofit businesses (as defined in IRC Section 501c) are not required to file an annual return if a copy of the organization's approved IRS determination letter is on file with RITA. However, should such a business have unrelated business income, said business is required to file a municipal return and pay tax thereon.

Extensions of Time to File

A federal extension will extend the municipal due date to the last day of the month following the month to which the due date of the federal return has been extended. A copy of the federal extension must be filed on or before the original due date for filing the return. For good cause, an extension may be granted by RITA. Make written request on or before the due date stating reason for extension.

Extensions of time to file have no effect on the due dates of estimated taxes. If you are requesting an extension of time to file your Net Profit Tax Return (Form 27) you should file a Declaration of Estimated Municipal Tax on Net Profits (Form 20) on or before the fifteenth (15th) day of the fourth (4th) month of your tax year.

Rounding Off to Whole Dollars

A business can round off cents on its return and schedules. Eliminate any amount less than fifty cents and increase any amount from fifty cents through ninety-nine cents to the next higher dollar.

Penalty and Interest

In accordance with the law, penalty and interest is charged on taxes (including estimated taxes) paid late even if an extension of time to file is granted. Penalties may also be charged for failing to file a return when due. **A fee will be charged to your account for a dishonored check or a check/electronic debit that cannot be processed. RITA may choose to redeposit your returned item electronically. Additionally, you understand and agree that we may collect a returned item processing fee as allowed by state law. Electronic filers assume all responsibility for the accuracy of the information submitted and are, therefore, subject to any charged fees described above for any errors.**

Uniform Definition of Net Profit

Ohio law creates a uniform definition of taxable income for net profit tax returns. This definition can be found under ORC § 718.01. Refer to the Adjusted Federal Taxable Income (AFTI) worksheet found on Page 3 of Form 27 or at www.ritaohio.com to determine the AFTI as it pertains to a taxpayer that is not a C Corporation and is not an individual, and who must compute FTI as if the taxpayer were a C Corporation.

Name and Address

Print your company name, address, federal identification number, or make needed correction if already printed.

Small Employer

A small employer is an employer whose gross receipts totaled less than \$500,000 per H.B. 5.

Line 1. Federal Taxable Income

Indicate your C Corporation Federal Taxable Income (FTI), or the equivalent on Line 1. Refer to the AFTI worksheet found on Page 3 of Form 27 or at www.ritaohio.com to determine the starting FTI. A taxpayer that is not a C Corporation and is not an individual, must compute FTI as if the taxpayer were a C Corporation.

Line 3B. Amount Allocable to RITA

If the business operates strictly within one RITA municipality, enter 100% as the percentage and enter the amount on Line 3B. Otherwise, enter the average percentage from Page 4, Schedule Y, Step 5. **You must complete Schedule B on Page 2 for any amount shown on Line 3B.** The Ohio Revised Code requires that Schedule Y be the default method used to determine the percentage of income attributable to RITA municipalities by business entities conducting business activity both within and outside RITA municipalities.

Per ORC §718.02 (E) when computing taxable income allocable to Brooklyn, Chardon, and Oberlin, add back the income apportioned to each of these municipalities in the amount of the stock option income that is exempt from each municipality's withholding (attach schedule).

Schedule B – Distribution of Tax within RITA Municipalities

If the amount of income (loss) and tax reported on Lines 3B and 5 of this form are to be allocated to any RITA municipality, you must fill in the names of all the RITA municipalities in which you conducted business along with the amount of taxable income (loss) and tax due for each one. The total tax distribution in Schedule B must equal the total tax due shown on Page 1, Line 5. Attach a schedule if you need more space.

Failure to allocate a loss show on Page 1, Line 3B may affect your ability to claim a net operation loss carryover in future years.

Schedule X – Reconciliation with Federal Income Tax Return

This schedule is used for the purpose of making adjustments when total income (Line1) includes income not taxable and/or items not deductible for municipal purposes. Enter the amounts of any such items in Schedule X and carry totals, Line G and Line Q, respectively to Lines (2A) and (2B).

Line A. Section 1221 and 1231 Losses

Report all losses (ordinary and capital) directly related to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the Internal Revenue Code (IRC). Losses related to Section 1221 assets are normally reported on Federal Schedule D while losses related to Section 1231 assets are normally reported on Federal Form 4797.

Line B. Taxes Based on Income

Include foreign, state, local, and other taxes based on income.

Line C. 5% of Certain Intangible Income

Multiply Schedule X, Line O, (if used) by 5%.

Line D. Certain Owner Compensation

For use by taxpayers that are not C Corporations and are not individuals. Ohio law prohibits taxpayers that are not C Corporations and not individuals from claiming a deduction for payments to a qualified self-employed retirement plan, payments for health or life insurance for an owner or owner-employee, or federal self-employment tax. Report all such payments here.

Line E. REIT and RIC Adjustments

A real estate investment trust or regulated investment company must report all dividends, distributions, or amounts set aside for the benefit of investors included in Page 1, Line 1.

Line N. Certain Section 1221 and 1231 Gains

Report all income and gains directly related to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the IRC. (Note: Do not include income or gain(s) described in Section 1245 or 1250 of the IRC. ORC §718.01 (E) requires all S-Corporations and partnerships to increase their Section 1250 gains by the adjustment all C Corporations must make under IRC Section 291.)

Line P. Other Items Not Taxable

Use this line to report previously taxed pass-through income/(loss) from another business entity that was subject to municipal income tax (or would have been subject to municipal tax, if not a loss). Indicate the Federal Identification Number of the business that originated the pass-through income. Do not include or take credit for tax paid by the business that generated the pass-through income. Use this line to report income not reported on another line of Schedule X or the AFTI Worksheet which RITA municipalities are specifically prohibited from taxing. Also include a copy of the K-1 issued along with a statement indicating which municipality the income (loss) was reported. Note: Cancellation of indebtedness and wage adjustments associated with federal work and job credits are included as income under federal code. ORC § 718.01 does not permit deductions of cancellation of indebtedness and wage adjustments associated with federal work and job credits under (AFTI).

AFTI Worksheet

Ohio law creates a uniform definition of taxable income for net profit tax returns. This definition can be found on our web site www.ritaohio.com under the Business Section, heading of "H.B. 95 – Uniform Provisions for Municipal Income Tax" or refer to ORC § 718.01. A taxpayer that is not a C Corporation and is not an individual must make the adjustments below.

Line B. Section 179 Adjustment

Add federal Section 179 depreciation in excess of what would be allowed for federal tax purposes if the taxpayer were a C Corporation. Excess Section 179 expenses should be carried forward to subsequent years. Subtract Section 179 depreciation carried over from prior years to the same extent as would be allowed if a C Corporation. Attach a schedule showing your carry forwards for municipal tax purposes.

Line C. Charitable Contribution Adjustment

Add charitable contributions in excess of what would be allowed for federal tax purposes if the taxpayer were a C Corporation. Excess charitable contributions should be carried forward to subsequent years. Subtract charitable contributions carried over from prior years to the same extent as would be allowed if a C Corporation. Attach a schedule showing your carry forwards for municipal tax purposes.

Line D. Other

Other Adjustments (Including any Section 754 depreciation claimed on a return other than the return of the purchasing partner per ORC § 718.01 (A)(1)(g).)

Schedule Y - Business Apportionment Formula

A Business Apportionment Formula consisting of the average original cost of real and tangible personal property, gross receipts, and wages paid must be used by business entities not required to pay tax on entire net profits, by reason of doing business both within and without of RITA municipalities. (ORC § 718.02) However, if the Business Apportionment Formula does not produce an equitable result, another basis (for example the Books and Records) may be substituted following the process outlined in Section 3:02 of RITA's Rules and Regulations.

Step 1. Property

The average original cost of real property and tangible personal property within RITA municipalities. Annual rental on rented or leased real property situated within city limits multiplied by 8.

Step 2. Wages and Salaries

Wages, salaries and other compensation paid during the taxable period to W-2 employees for services performed within RITA municipalities except compensation exempt from municipal taxation under ORC§ 718.011.

Step 3. Gross Receipts

Total gross receipts of the business or profession from sales and rentals made and services performed during the taxable period in the municipal corporation to total gross receipts of the business or profession during the same period from sales, rentals and services, where made or performed.

Note: Sales and gross receipts in RITA municipalities means:

1. All sales of tangible personal property which is shipped from a RITA municipality to purchasers outside of a RITA municipality regardless of where title passes if the taxpayer is not, through its own employees regularly engaged in the solicitation or promotion of sales at the place where delivery is made.
2. All sales of tangible personal property which is delivered within a RITA municipality regardless of where title passes, even though transported from a point outside a RITA municipality, if the taxpayer is regularly engaged through its own employees in the solicitation and the sales result from such solicitation or promotion.
3. All sales of tangible personal property which is delivered within a RITA municipality regardless of where title passes, if shipped or delivered from a stock of goods within a RITA municipality.

Schedule Y-1. Reconciliation of Y Wages to Withholding Returns

Use this schedule to reconcile workplace wages, salaries, etc. allocated to RITA municipalities on Schedule Y with the amounts reported on your withholding returns filed for the tax year covered by this return.

Line 1. Withholding Return Wages

A calendar year taxpayer must use the workplace wages reported on their annual Reconciliation of Income Tax Withheld (Form 17). A fiscal year taxpayer must use the sum of the wages reported on the Form 11 withholding statements that correspond to the fiscal year.

Line 2. Explanation of Discrepancy

Provide an explanation on Line 2 if the overall discrepancy is: (1) greater than 10% of the total workplace wages reported; or (2) greater than \$5,000. If you are reporting workplace wages for multiple RITA municipalities apply the 10% / \$5,000 thresholds to each municipality.

Schedule Z. Pass-Through Distributive Shares of Net Income

All pass-through entities must attach a schedule showing each partner's/shareholder's name, social security number, distributive share, guaranteed payments (if applicable) and taxable percentage. The amounts reported on this schedule must correspond with the amounts reported on your federal return. Attach a schedule if you need more space.

Consolidated Returns

Taxpayers filing consolidated returns must include copies of the Consolidation schedules attached to their federal returns when filing their Form 27. Once an election is made to file a consolidated return, permission is needed to file separately in future years.
