CORONAVIRUS – READINESS & RESPONSE UPDATE

As of this writing, Ohio has 29,436 total cases of COVID-19, 5,198 hospitalizations, and 1,781 deaths. Cuyahoga County has 3,512 cases and 190 confirmed deaths. The 14-day trend for Cuyahoga County is included below:

As you know we have been sending regular updates to the community regarding COVID-19. In light of the Governor’s announcements on Tuesday, May 19th regarding the shift from “orders” to “strong recommendations” the following message was included in the most recent update:

City Manager Update - May 20, 2020

Yesterday, Governor DeWine announced the State of Ohio was moving away from "orders" to "strong recommendations" regarding the coronavirus. The last few weeks of announcements and openings have rightfully created some confusion for us all regarding the impact of COVID-19. On the one hand, the State appears to be relaxing restrictions and allowing reopening of businesses while cities, including the City of Cleveland Heights, are canceling activities and limiting access to public buildings. As if the pandemic itself wasn't enough, we are now finding ourselves trying to navigate what feels like a myriad of conflicts in what we should and should not do to protect ourselves and our families.

The City remains committed to this community's health and safety. It is our paramount priority. As we endeavor to keep you safe, we remain focused on the guidance of public health experts, including the CDC, in our fight to contain COVID-19's spread in our community.

Here are a few of the things that we know:

- COVID-19 continues to spread in our community as shown by our increasing case counts, hospitalizations, and deaths.
- Those who are asymptomatic or presymptomatic can spread the virus to others, possibly unknowingly.
- Testing capacity is limited so only a small fraction of the community with the highest risk factors are being tested. Public health officials at every level have continued to warn us that our reported numbers do not reflect the full picture of those impacted by this dangerous virus.
- Community transmission can be mitigated by limiting activity to only the most essential tasks, avoiding crowds of any size, wearing face coverings, washing hands frequently and disinfecting common surfaces as often as possible.
- Supplies, including personal protective equipment (PPE), hand sanitizer, and basic disinfecting products are experiencing a global shortage.
- We will be living with the reality of COVID-19 in our daily lives until there is an effective vaccine.

Though it may seem like our responses are worlds apart, the Governor and Ohio's Department of Health Director Dr. Amy Acton have not wavered from these facts. In fact, the new set of State "recommendations" continue the ban on gatherings of 10 or more people and advise that people stay at home except for engaging in essential activity. The City of Cleveland Heights has delivered and will continue to provide essential services to the community while keeping our staff and the public as safe as we can.

This has meant making some very difficult decisions regarding summer activities and other cancellations that some may argue are indeed essential to health in other ways. Yes, protocols have been prescribed for reopening various sectors but guidelines, protocols, and recommendations only go so far as our willingness to adhere to them and our ability to

implement them. The facts have not changed. And, while we all learn to live with this new reality, that doesn't mean we should assume more risk than absolutely necessary especially when the downside of that risk includes serious health complications and death.

I want to caution us all to continue to be vigilant in protecting ourselves and loved ones and reevaluate the things that are most important to us. Fear is a reasonable reaction, but I am not asking you to live afraid. I am asking that together, we commit to doing the things we know will mitigate the risk to our own or someone else's life. The Governor now calls those things "strong recommendations," which means we have a choice in deciding to follow them or not. I hope we all choose well.

RE: Summary of New Revisions to Small Cell Regulations (Chapter 943)
DATE: May 6, 2020

On September 27, 2018, the Federal Communications Commission (FCC) issued an order that limited and revised state and local authority to manage and regulate certain small cell wireless installations within public rights-of-way nationwide. It came on the heels of revisions to Ohio Revised Code Chapter 4939, effective August 1, 2018, to codify small cell wireless rules related to municipal right of way and addressed, among other things, small cell installation-related fees, application processing times and local aesthetic regulations. The FCC's order took effect on January 14, 2019, and Chapter 943 was revised in May 2019 to reflect it. As applications for small cell facilities have been received in Cleveland Heights and elsewhere – a modest number to date – we have identified the need to update the City's small cell application form to clarify fees, facility types and consolidated application issues. The proposed amendments to Chapter 943 are for the same purpose, in advance of what we anticipate will be a large number of applications to install small cell wireless facilities in the public right of way in the coming months and years.

Proposed: 06/01/2020

ORDINANCE NO. -2020 (MS)

By Council Member

An Ordinance amending Chapter 943, “Use of Public Ways for Small Cell Wireless Facilities and Wireless Support Structures,” of Part Nine, *Streets, Utilities and Public Services Code* of the Codified Ordinances of Cleveland Heights; and declaring an emergency.

WHEREAS, Substitute House Bill 478 (Sub. H.B. 478) took effect on August 1, 2018 and amended ORC Chapter 4939 with regard to the authority of municipalities to regulate the installation of small cell wireless facilities in the public right-of-way, including on utility poles and street lights, including municipally-owned facilities, and to construct, maintain, modify, operate, or replace wireless support structures in the right-of-way; and

WHEREAS, this Council on July 16, 2018 adopted Ordinance No. 82-2018 creating a new Chapter 943 of the Codified Ordinances of the City of Cleveland Heights to regulate the use and occupancy of the public rights of way within the City for small cell wireless facilities and support structures as well as enacting design guidelines applicable to small cell wireless facilities and support structures pursuant to Sub. H.B. 478; and

WHEREAS, on September 26, 2018, the Federal Communications Commission (FCC) adopted a Declaratory Ruling and Order known as the “Small Cell Order,” that limited and revised state and local regulatory authority concerning certain small cell wireless installations within public rights-of-way nationwide; and

WHEREAS, this Council on May 6, 2019, adopted Ordinance No. 29-2019 amending Chapter 943, “Use of Public Ways for Small Cell Wireless Support Structures,” of Part Nine, *Streets, Utilities and Public Services Code* of the Codified Ordinances of Cleveland Heights to lawfully exercise municipal authority on this subject in a manner that is consistent with Ohio Revised Code Chapter 4939 and the FCC’s Small Cell Order.; and

WHEREAS, this Council herein determines to further amend Chapter 943 to be consistent with the City’s Small Cell Facilities Use Permit Application, recently further updated in order to reflect the FCC Small Cell Order.

BE IT ORDAINED by the Council of the City of Cleveland Heights, Ohio, that:

SECTION 1. Chapter 943, “Use of Public Ways for Small Cell Wireless Facilities and Wireless Support Structures” of Part Nine, *Streets, Utilities and Public Services Code* of the Codified Ordinances of Cleveland Heights shall be, and is hereby, enacted and adopted in its entirety to read as set forth in Exhibit A, attached hereto and fully incorporated herein. A complete copy of Exhibit A is also on file with the Clerk of Council.

SECTION 3. This Ordinance is hereby declared to be an emergency measure immediately necessary for the preservation of the public peace, health and safety of the inhabitants of the City of Cleveland Heights, such emergency being the need to take immediate action to accommodate requests for Facilities permits filed pursuant to the FCC's Small Cell Order. Wherefore, provided it receives the affirmative vote of five or more of the members elected or appointed to this Council, this Resolution shall take effect and be in force immediately upon passage; otherwise, it shall take effect and be in force from and after the earliest time allowed by law.

Timely notice by the City of the deficiencies in a supplemental submission tolls the time period set forth in subsection (a) until the Applicant supplies the specified information

(c) The timeframes set out in subsection (a) may be tolled by mutual agreement between the Applicant and the City. The timeframes in subsections (a)(2) and (a)(3) may also be tolled as follows, except that where an Applicant has indicated that the Application is for a Small Wireless Facility, the provisions of subsections (c)(1) and (c)(2) below do not apply:

- (1) If the City receives between twenty-five (25) and forty (40) applications in a thirty (30) day period, then the City may toll for an additional twenty-one (21) days beginning with the twenty-sixth (26th) application.
- (2) If the City receives more than forty (40) applications in a thirty (30) day period, then the City may toll for an additional fifteen (15) days for every additional fifteen (15) applications received, up to a maximum tolling period of ninety (90) days, as indicated below:
 - (A) Applications 41-55: 36 additional days
 - (B) Applications 56-70: 51 additional days

 - (D) Applications 86-100: 81 additional days
 - (E) Applications 101+: 90 additional days.
- (3) When an Applicant submits an underground area waiver pursuant to Section 943.32(d) herein, in which case the City may toll for an additional fourteen (14) days.

(d) If two Applicants request to Collocate on the same Wireless Support Structure or two Wireless Support Structures are proposed within a distance that would violate the spacing requirements set forth in Section 943.16 here, then the City Manager or designee may resolve the conflict in any reasonable and nondiscriminatory manner.

(e) If a request for Small Cell Use Permit is denied, the City shall provide, in writing, its reasons for denying the request, supported by substantial, competent evidence. The denial of consent shall not unreasonably discriminate against the Applicant. Grounds for denying an Application may include, but are not limited to:
